NIAGARA COUNTY COMMUNITY COLLEGE

FOURTH ANNUAL COMMENCEMENT

June 12, 1968
LaSalle Senior High School Auditorium
Niagara Falls, New York
Academic dress had its origin in the garments worn at medieval British universities, particularly Oxford and Cambridge. Because of the close connection between the University and the Church, students and faculty wore clerical garb. It is from these medieval, cassock-like garments that American academic dress is derived.

The black mortarboard cap is adorned with a black tassel for holders of the associate, bachelor and master degrees. A gold tassel signifies the wearer has received a doctoral degree, or is a governing officer of an educational institution.

The associate's and bachelor's gowns are simple and may be recognized by long, pointed sleeves. The master's gown is fuller and the sleeves are square at the ends. The doctor's gown is more elaborate and has sleeves decorated with three horizontal velvet bars.

The hood is the most distinctive feature of academic attire. Used originally as a cowl, it is worn suspended from the shoulders. The length of the bachelor's hood is three feet; the velvet border, two inches. The hood for the master's degree is three and one-half feet long with three-inch border. The doctor's hood is four feet long; the border, five inches wide. The lining is colored with the official color of the institution conferring the degree. The border color indicates the field of learning in which the degree was earned.

Hoods worn by Niagara County Community College degree candidates display the blue and gold college colors on a background of white or gold. Candidates for the Associate in Arts Degree wear hoods with a white background. Hoods worn by Associate in Science and Associate in Applied Science Degree candidates have a background of gold.

Dr. Samuel B. Gould, Chancellor
Dr. Sebastian V. Martorana,
University Dean for Two-Year Colleges
Dr. E. K. Fretwell, Jr., a distinguished educator, was appointed President of State University College at Buffalo in September 1967. He previously served as Dean for Academic Development at City University of New York, a university-wide position concerned with development of new units and academic programs.

A native of New York City, Dr. Fretwell received his bachelor of arts degree, with distinction, from Wesleyan University; his master of arts degree from Harvard University, and his doctorate in philosophy from Columbia University. Before receiving his doctorate he served as a staff writer with the American Red Cross; as a vice consul in Prague, Czechoslovakia, and as a teacher in Massachusetts and Illinois. He was also administrative secretary for John Hay fellowships with the John Hay Whitney Foundation in New York City, and Associate Professor and Assistant to the Dean at Teachers College, Columbia University.

Dr. Fretwell has been absorbed for more than a decade with the problems of higher education. A former Assistant Commission for Higher Education in the New York State Department of Education, he served as a consultant to President Eisenhower's Committee on Education Beyond the High School. He also collaborated with Dr. James B. Conant on a special assignment in preparation of Conant's important and controversial study, "The Education of American Teachers".
