ACADEMIC DRESS

American academic dress had its origin in the garments worn at medieval British universities, particularly Oxford and Cambridge. Because of the close connection between the University and the Church, students and faculty wore clerical garb. It is from these medieval, cassock-like garments that American academic dress is derived.

The black mortarboard cap is adorned with a black tassel for holders of the associate, bachelor and master degrees. A gold tassel signifies the wearer has received a doctoral degree, or is a governing officer of an educational institution.

The associate's and bachelor's gowns are simple and may be recognized by long, pointed sleeves. The master's gown is fuller and the sleeves are square at the ends. The doctor's gown is more elaborate and has sleeves decorated with three horizontal velvet bars.

The hood is the most distinctive feature of academic attire. Used originally as a cowl, it is worn suspended from the shoulders. The length of the bachelor's hood is three feet; the velvet border, two inches. The hood for the master's degree is three and one-half feet long with three-inch border. The doctor's hood is four feet long; the border, five inches wide. The lining is colored with the official color of the institution conferring the degree. The border color indicates the field of learning in which the degree was earned.

Hoods worn by Niagara County Community College degree candidates display the blue and gold college colors on a background of white or gold. Candidates for the Associate in Arts Degree wear hoods with a white background. Hoods worn by Associate in Science and Associate in Applied Science Degree candidates have a background of gold.
CANDIDATES FOR DEGREES*

ASSOCIATE IN ARTS

Liberal Arts and Science
Fine Arts Emphasis

DAVID BRYK
CATHLEEN ANN DARLAK
ANNEKE B. DE HAAS
